REVIEWS (partial list)

-
- "Most evocative is Jason Hare's performance. Hare is perfect as Neil, combining the innocence, heart and vulnerability of youth with its strength and determination as well." - Kate Kolendo, www.electroniclink.com
 - "Jason Hare, superb and consistent...through force of acting, he made the momentary choice of jealous self-interest over logic and selfless love quite believable in the play's finale." - Louis Lopardi, www.artzine.org
